Good morning. I hope you had a lovely weekend.

Since we spoke last week, rumor has it that the mezz.(EB5) lender on the Cadman Plaza transaction has agreed to language requiring foreclosure proceedings to begin within 270 days of a default. We are hoping this satisfies EDC's concerns and that with the last obstacle resolved we can proceed with the closing?

Thanks for your attention and help in this matter.

Hello James,

My name is James Sozomenou and I work closely with Robert Sloposky here at Signature Bank. Bob had mentioned to me that the two of you met at the Infrastructure Breakfast at Morgan Stanley last week and you briefly discussed the use of EB-5 for some of the city's projects.

We'd like to setup a time for us to talk about this in more detail. We're sure your calendar is as hectic as ours but if you let us know when would be a good time to have a 20 minute call we'll do everything in our power to free up our calendar. How about sometime early next week?

Thank You,

Hi James,

I was just following up regarding your availability to have a call with Bob Slopovsky and our team here at Signature Bank regarding possible EB-5 financing opportunities.

How does the week of the 27th look for you?
